Time Is Telling

Written, Composed and Performed by Anna Smol

Sixty minutes that's one rotation around the clock Half past the hour and thirty minutes to the 12 on top

Fifteen gone by
You're on the 3
Jump over to the 9 and it's easy to see
45 now past the twelve, that's a quarter to (the hour)

This here hour has been brought to you (by father time)
And another is ready to make its grand debut.

Seconds go by.
