

Time Is Telling

Written, Composed and Performed by Anna Smol

***Sixty minutes that's one rotation around the clock
Half past the hour and thirty minutes to the 12 on top***

***Fifteen gone by
You're on the 3
Jump over to the 9 and it's easy to see
45 now past the twelve, that's a quarter to (the hour)***

***This here hour has been brought to you (by father time)
And another is ready to make its grand debut.***

Seconds go by.
