

## *Museum Programming Assistant*

To apply for this Alternative Practicum Opportunity, please submit a cover letter stating why this position is of interest to you and a recent resume to the Queen's Education Community Outreach Centre, at the e-mail address provided.

Working with staff from the museum this placement will be involved in developing and piloting museum educational activities and demonstrations related to upcoming exhibits, and inquiry based learning centred on the themes of STEAM (Science, Tech, Engineering, Art and Math). Please note that the placement could be located at either the Pump House Steam Museum, City Hall or MacLachlan Woodworking Museum.

Previous Alternate Practicum students placed at the Pump House Steam Museum involved in numerous educational opportunities. These have included:

- Developing Core Educational Programming
- Developing new STEAM (Science, Tech, Engineering, Art and Math) based educational activities and programs
- Being involved in upcoming exhibitions
- Developing educational activities and programs for 2017 exhibitions
