

# Science Rendezvous Kingston 2015

## Event Schedule

	WHO?	WHAT?	WHEN?
IN THE SHOWCASE MINI-BOWL	The Chemistry Magic Show	The Chemistry magicians will either glow it up or blow it up!	10:30 a.m. 12:30 p.m. 2:15 p.m.
	The REAL Batman	Matt Saunders, a bat expert, will introduce you to the fascinating world of bats.	11:00 a.m.
	Donald Davis	Meet Canadian Naturalist, Donald Davis who has been tagging Monarch Butterflies since 1968. Donald will talk about his involvement with Journey North, Monarch Watch, the Michoacan Reforestation Fund, and the Monarch Teacher-Network Canada.	11:30 a.m.
	John Powers	Meet John Powers, A.K.A. "The Bug Man" and Orkin Canada's Bug Showman. Powers, who has been featured on The Discovery Channel and in The National Geographic, has been researching butterflies for over 50 years: an entomologist of sorts since he was 11 years old.	1:45 p.m.

# Science Rendezvous Kingston 2015

## Event Schedule

	WHO?	WHAT?	WHEN?
IN THE BOWL	Rube Goldberg Machines	Come and see our three Rube Goldberg machines in action. <b>Funded by NSERC Promoscience and created by APPSCI 100 students from The Faculty of Engineering and Applied Science at Queen's</b> , these complicated contraptions involve outer space, cars, dinosaurs, xylophones, pulleys, buckets and bicycle wheels. Be prepared to laugh and learn about the six simple machines.	ALL DAY 10:00 am – 3:00 pm
	The Incredible World of Bugs	Discover the fascinating world of insects, bugs, butterflies and much more. Meet many different types of creatures and species of all assortments, from rare beetles and giant spiders to brilliant butterflies.	
	Robot Competitions	Meet the robots constructed by Kingston's three FIRST Robotics teams: The Cyberfalcons, K-Botics and W.A.F.F.L.E.S. Enjoy the playoffs as the robots engage in the "Recycle Rush."	
	Kingston Police Force Rappel Team	See first-hand why it takes many hours of intense training to reach the level of skill needed to rappel into real world tactical situations.

## Event Schedule

	WHO?	WHAT?	WHEN?
<p><b>OUTDOORS ON THE TRAGICALLY HIP WAY</b></p> <p><i>Weather Permitting</i></p>	The Colorectal Cancer Association of Canada	The Giant Colon is a multimedia exhibition for all ages that features all of the pathologies that may be found inside the human colon, including colorectal cancer. The Giant Colon exhibit is animated by the CCAC's professor in residence, Dr. Preventino. Captured on 5 video displays, Dr. Preventino will guide you on your tour through the Giant Colon and provide healthy lifestyle tips to keep you and your colon healthy.	10:00 am. – 3:00 p.m.
	Dr. Karen Lee-Waddell (The Royal Military College of Canada) and local astronomers.	A solar telescope will be available for you to look at the sun. Did you know that Dr. Lee-Waddell discovered her own dwarf galaxy? Ask her how she did it and follow in her footsteps.	10:00 am. – 3:00 p.m.
	The Kingston Police Force Canine Unit	We welcome back Constable Jeff Dickson and his canine partner Zeus and Constable Mark McCreary and his partner Titan. The primary task of the Canine Unit – about 70% of their calls, in fact – is for tracking, and the rest is detection work for drugs or firearms. The K9 demonstration will highlight obedience, protection and detection work and criminal apprehension. Only one show, so don't miss it!	1:00 p.m.
	Gillian Mackey Chemistry Graduate Student Society, Queen's University	Exploring Surfactants: make Giant Bubbles	10:00 am. – 3:00 p.m.
