

Fall 2016

AEG Roundtables

The collaborative, relaxed format of the AEG Roundtables is for sharing experiences, giving tips, and providing guidance to aid in the growth and development of graduate students. Discussion leaders are either senior graduate students or faculty members, depending on the topic for a given week.

Although this is an AEG initiative, all interested graduate students are welcome to attend.

Snacks and hot beverages will be provided for each session.

If you have any questions, please feel free to email Andrew (Andrew.Coombs@queensu.ca).
