

# Arts Infusion Committee

# Open Studio

**Thursday, November 10th**

**Noon-3:00 PM**

**A330**

Once a month, A330 (the visual arts classroom) is open to any faculty, staff, and students who want to work on a creative project. You can bring your own project (e.g., drawing, knitting, painting, digital work) or use the art materials that will be available for each session. Open Studio operates on a drop-in basis, so you can come for the entire three hours or whatever amount of time works for you. Feel free to bring your lunch/snacks.

**FOR THIS SESSION...** we will have materials for you to draw/paint/collage your own vision of what you see "inside the jar" (see image examples). A tracing template will be provided to you, if you need one!
